

### THE RETURN OF SCHEHERAZADE

As momentum builds toward catastrophe in Iran, a glimmer of hope is found in the ancient legend of a Persian princess crossing over from the spiritual realm to the material world in the hour of direst need. This prophecy comes to fruition as Scheherazade of the Thousand and One Nights appears within the Sacred Spring of Chekchek in the Yazd desert. Escorted by the young couple Romeen and Roxana, Scheherazade descends the mystic mountain and ventures into the modern theocracy of Iran, where she brings to the people a message of deliverance. Through the power of Spenta Mainyu, the Holy Spirit, Scheherazade strives to save her people from impending doom, as she did long ago in the days of the Sassanian dynasty.
